THANK YOU LETTER

With this letter we would like to express our greatest gratitude for the participation of your students in the International Online Festival Contest “Future Starts” 30th January 2021, who demonstrated high levels of preparation and great quality in performance. In days we live in, the work of teachers and representatives of cultural institutions is essential for the artistic growth of children and young people and for the support and development of cultural activities. We are honored to have welcomed your participation in our online contest and to have had the opportunity to admire the talent of your participants. Thank you for the confidence you have shown in our organization, we wish you to achieve new professional success in future and to meet you on a big stage in Italy!
